Subject: Turf Establishment Delay

Dear Resident:

Please be advised that Spazzarini Construction Company, Inc., has been granted permission by the Town to loam and seed areas behind the curb along the streets listed below during the late summer and early fall.

Since grass cannot be effectively grown during the hot, dry summer, specifications for this project do not allow the contractor to seed until at least August 15. Placing the loam before then will just result in weed growth. Therefore, the contractor will return on or after August 15, 2016 to finish this work on the following streets:

- ✓ Debra Street
- ✓ Ernest Street
- ✓ Howard Street
- ✓ Missile Drive
- ✓ Lox Lane
- ✓ Pierce Street

Since this work may cause inconvenience, your patience and cooperation to help expedite the project is appreciated.

The Town's project manager for this project is Road Engineer J.P Rodriguez. If you have any questions, please call him at 860-763-7095 or email him at jrodriguez@enfield.org.

Sincerely,

A handwritten signature in blue ink that reads "Billy G. Taylor".

Billy G. Taylor, P.E
Deputy Director of Public Works

XC: Bryan R.H. Chodkowski, Town Manager
Jonathan S. Bilmes, P.E., Director of Public Works
John Cabibbo, P.E., Assistant Town Engineer
J.P Rodriguez, Roads Engineer
